

Steps of Hope and Faith

*This couple's journey through 2008 will inspire you to see life's challenges **much** differently!*

Just about year ago, life changed instantly and dramatically for Molly French. One day, she was a school teacher with a “normal everyday life”; the next, she was fighting for her life against a sudden grave illness. Much later, she would have to re-learn how to walk—on prosthetic legs. So much of the journey was beyond all explanation! Yet Molly and husband Jamey pulled through this ordeal as a team. They stand firmly today (literally!) as a testament to miracles from above!

RSVP at <http://www.kentonlibrary.org/events> keyword “Steps of Hope”

A short reception follows this free event.

Monday, February 9, 7 PM

If severe/icy weather, we may postpone to 2/23

Durr Branch Library
